2. Introduction

Everyone who participates in classes at Dupont Dance Stage School is entitled to do so in an enjoyable and safe environment. Dupont Dance Stage School have a moral and legal obligation to ensure that, when given responsibility for young people, teachers and volunteers provide them with the highest possible standard of care. Dupont Dance Stage School is committed to devising and implementing policies so that everyone accepts their responsibilities to safeguard children from harm and abuse. This means following procedures to protect children and report any concerns about their welfare to appropriate authorities. The aim of the policy is to promote good practice, providing children and young people with appropriate safety/protection whilst in the care of Dupont Dance Stage School and to allow staff and volunteers to make informed and confident responses to specific child protection issues. A child/young person is defined as a person under the age of 18 (Children's Act 2004).

We are fully committed to creating a culture of vigilance. We expect everyone who works in and visits our school to share this commitment. We encourage staff, young people, and visitors to report anything that concerns them, and we will always act in the best interest of the child.

The latest version of this policy is available on the school website and upon request.

This policy is consistent with:

- the Statutory guidance "Keeping children safe in education – Statutory guidance for schools and colleges", 2023 and "Working Together to Safeguard Children", 2018.
- the Leicestershire and Rutland Safeguarding Children Partnership – Multi - Agency safeguarding arrangements.

There are four main elements to our Child Protection Policy:

- **Prevention** (e.g. positive school atmosphere, teaching and pastoral support to pupils, safer recruitment procedures);
- **Protection** (by following agreed procedures, ensuring staff are trained and supported to respond appropriately and sensitively to Child Protection concerns);
- **Support** (to pupils and school staff and to children who may have been abused);
- **Working with parents** (to ensure appropriate communications and actions are undertaken).

3. Policy Statement

The Equality Act 2010 was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics). For schools, this means that it is unlawful to discriminate against students or treat them less favourably because of their gender; race; disability; religion or belief; gender reassignment; sexual orientation; pregnancy or maternity.

The Equality Act says that schools and other public bodies must:

Encourage good relations and ensure everyone has equality of opportunity.

Eliminate unlawful discrimination, harassment and victimisation.

Help make sure everyone has an equal chance to make the most of their lives and talents.

In line with our duties under the Equality Act, we assess our existing practices in relation to equality and consider objectives to help us improve further.

Dupont Dance Stage School is committed to the following:

- The welfare of each child is paramount
- All children, whatever their age, culture, ability, gender, language, racial origin, religious belief and/or sexual identity should be able to participate in the Performing Arts in a fun and safe environment
- Taking all reasonable steps to protect children from harm, discrimination and degrading treatment and to respect their rights, wishes and feelings
- All suspicions and allegations of poor practice or abuse will be taken seriously and responded to swiftly and appropriately
- All Dupont Dance Stage School employees that work with children will be recruited with regard to their suitability for that responsibility, and will be provided with guidance and/or training in good practice and child protection procedures
- Working in partnership with parents and children is essential for the protection of children

4. Safeguarding Commitment

In line with Keeping Children Safe in Education 2023, we define safeguarding as:

- protecting children from maltreatment
- preventing impairment of children's mental and physical health or development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- taking action to enable all children to have the best outcomes

Children includes everyone under the age of 18.

To provide children with the best possible experience and opportunities in the Performing Arts everyone must operate within an accepted ethical framework. It is not always easy to distinguish poor practice from abuse. It is therefore NOT the responsibility of employees to make judgements about whether or not abuse is taking place. It is however their responsibility to identify poor practice and possible abuse and act if they have concerns about the welfare of the child. This section will help you identify what is meant by good practice and poor practice.

Good Practice:

All personnel should adhere to the following principles and action:

- Establish and maintain an ethos where all children (including those having protected characteristics under the Equalities Act 2010) feel secure and are encouraged to talk, and are listened to;
- Ensure that children's wishes and feelings are taken into account when determining what actions to take and services to provide and that they are able to express their views and give feedback. We will always seek to act in the best interests of children.
- Ensure that children know that there are adults in the school whom they can approach if they are worried or are in difficulty; and that there are alternative ways to report concerns;
- Operate safer recruitment procedures and make sure that all appropriate checks are carried out on new staff and volunteers who will work with children, including identity, right to work, enhanced DBS criminal record and barred list (and overseas where needed), references, and prohibition from teaching or managing in schools (s.128) etc. (see Keeping children safe in education part 3).
- Always work in an open environment (e.g. avoiding private or unobserved situations and encouraging open communication with no secrets)
- Make the experience of the Performing Arts fun and enjoyable: promote fairness, confront and deal with bullying
- Treat all young people equally and with respect and dignity
- Maintain a safe and appropriate distance with students (e.g. it is not appropriate for staff or volunteers to have an intimate relationship with a child or to share a room with them)
- Avoid unnecessary physical contact with young people. Where any form of manual/physical support is required it should be provided openly and with the consent of the young person. Physical contact can be appropriate so long as it is neither intrusive nor disturbing and the young person's consent has been given
- Involve parents/carers wherever possible, e.g. where young people need to be supervised in changing rooms, encourage parents to take responsibility for their own child. If groups have to be supervised in changing rooms always ensure parents, teachers, etc. work in pairs
- Request written parental consent if adults are required to transport young people in their cars
- Gain written parental consent for any significant travel arrangements e.g. overnight stays
- Ensure that at away events adults should not enter a young person's room or invite young people to their rooms
- Be an excellent role model, this includes not smoking or drinking alcohol in the company of young people
- Always give enthusiastic and constructive feedback rather than negative criticism

- Recognising the developmental needs and capacity of the young person and do not risk sacrificing welfare in a desire for organisational or personal achievements
- Secure written parental consent for the Dupont Dance Stage School to act in loco parentis, to give permission for the administration of emergency first aid or other medical treatment if the need arises
- Keep a written record of any injury that occurs, along with details of any treatment given

Poor Practice

The following are regarded as poor practice and should be avoided by all personnel:

- Unnecessarily spending excessive amounts of time alone with young people away from others
- Taking young people alone in a car on journeys, however short
- Taking young people to your home where they will be alone with you
- Sharing a room with a young person
- Engaging in rough, physical or sexually provocative games, including horseplay
- Allow or engage in inappropriate touching of any form
- Allowing young people to use inappropriate language unchallenged
- Making sexually suggestive comments to a young person, even in fun
- Reducing a young person to tears as a form of control
- Allow allegations made by a young person to go unchallenged, unrecorded or not acted upon
- Do things of a personal nature that the young person can do for themselves

When a case arises where it is impractical/impossible to avoid certain situation e.g. transporting a young person in your car, the tasks should only be carried out with the full understanding and consent of the parent/carer and the young person involved. If during your care you accidentally hurt a young person, the young person seems distressed in any manner, appears to be sexually aroused by your actions and/or if the young person misunderstands or misinterprets something you have done, report any such incidents as soon as possible to another colleague and make a written note of it. Parents should also be informed of the incident.

5. Roles and responsibilities

Designated Safeguarding Lead (DSL) will:

- be available during term time for staff to discuss any safeguarding concerns
- lead on referrals to local authority children's social care
- act as a source of support, advice and expertise for all staff
- liaise with the Principal and Artistic Director to keep them informed of issues, especially police investigations and ongoing enquiries under section 47 of the Children Act 1989
- liaise with the LADO for child protection concerns in cases which concern a staff member.
- promote engagement with parents and/or carers in safeguarding and promoting the welfare of children

- ensure records are kept in line with good record-keeping practice as outlined in the latest Keeping Children Safe in Education
- ensure that this policy and safeguarding procedures are accessible to all new and existing staff, that this is reviewed at least annually and is available publicly
- update training every two years covering the content outlined in KCSIE
- update own knowledge and skills at least annually

All staff

- receive appropriate safeguarding and child protection training including online safety which, amongst other things, includes an understanding of the expectations and responsibilities in safeguarding
- receive safeguarding updates regularly and at least annually that provide the relevant skills and knowledge to safeguard children effectively
- understand the local early help process and staff's role in relation to it and the circumstances students may be in who might benefit from this as listed in part 1 of KCSIE
- know what to do if a child tells them they are being abused, exploited, or neglected and to maintain an appropriate level of confidentiality
- know not to promise a child that they will not tell anyone about a report of any form of abuse.
- Reassure victims that they are being taken seriously and assure them that they are not causing a problem by reporting
- be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/ or they may not recognise their experiences as harmful
- know the indicators of abuse and neglect and exercise professional curiosity and that such issues are rarely standalone ones
- be aware of extra-familial and/ or contextual risks which occur outside of the families e.g., sexual abuse, domestic abuse, criminal exploitation, serious youth violence, county lines and radicalisation
- be aware that technology is a significant component in many safeguarding and wellbeing issues and the risks young people face online
- know how to report concerns about safeguarding practices within the school via whistleblowing procedures or other means
- know how to report concerns if staff have a safeguarding concern, or an allegation is made about another member of staff (including supply staff, volunteers, and contractors) harming or posing a risk of harm to children
- read and understand part 1, part 5 and Annex B of Keeping Children in Education, and review this guidance at least annually

6. Responding to and recording concerns

When staff or visitors to the school have a safeguarding concern, they should promptly contact the DSL by speaking to the Principal/Manager

All staff should know what to do if a child tells them they are being abused, exploited, or neglected and to maintain an appropriate level of confidentiality. All staff should know to act upon concerns about a child's welfare immediately.

All staff should be aware of the following when responding to concerns:

- All staff should know not to promise a child that they will not tell anyone about a report of any form of abuse.
- All staff should be able to reassure victims that they are being taken seriously and assure them that they are not causing a problem by reporting.
- All staff should be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/ or they may not recognise their experiences as harmful.

If a member of staff is concerned by verbal conversations, disclosures, or signs of abuse or neglect these should immediately be recorded in writing and passed to the DSL. If the member of staff is unsure, they should always speak to the DSL regarding their concerns.

The DSL will then decide what action must be taken, which can include:

- Further support
- Referral for an Early Help assessment
- Referral to children's social care

Parents should be aware that referrals can be made where there is suspected abuse or neglect by the school and that our concerns regarding a student will be shared. The school will always seek to share these concerns and the referral with parents first, unless to do so would put the child at greater risk of harm, where we are advised not to, or where it has not been practicable to.

At Dupont Dance School staff report their concerns to the DSL.

Staff will provide first-hand a summary of their concern or detail of a disclosure they have received. They will use professional language and try to capture the incident as it took place or as it was described to them. They will report all concerns in a timely fashion. The DSL will ensure that any action taken, or outcome is accurately recorded in line with good record-keeping guidance which should follow:

A clear and comprehensive summary of the concern (using the disclosure form)

Details of how the concern was followed up and resolved, and

A note of any action taken, decisions reached and the outcome.

Students can confidently report concerns knowing that these concerns will be treated seriously, and that they can express their views and give feedback too.

7. Monitoring of records

Well-kept records are essential to good child protection practice. The Designated Safeguarding Lead is responsible for such records and for deciding at what point these records should be passed over to other agencies (in accordance with the Data Protection Act 2018 and GDPR principles).

8. Whistleblowing

At Dupont Dance School, we recognise that adults working in a school may cause harm, including visitors. Any concerns about a member of staff posing a risk of harm to children should immediately be referred to the Principal. These concerns could include where anyone working in the school has:

- behaved in a way that has harmed a child, or may have harmed a child
- possibly committed a criminal offence against or related to a child
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children
- behaved or may have behaved in a way that indicates they may not be suitable to work with children

Any member of staff or volunteer with concerns about poor or unsafe practice and potential failures in our school's safeguarding regime should refer to our whistleblowing policy.

The NSPCC whistleblowing helpline can also be contacted via telephone (0800 028 0285) or email (help@nspcc.org.uk).

9. Concerns Outside The Immediate Performing Arts Environment

- Report your concerns to the DSL.
- If the DSL is not available, the person being told or discovering the abuse should contact their local social services department or the police immediately.
- Social Services and the DSL will decide how to inform the parents/carers.
- The DSL should also report the incident to the Management Team.
- The Management Team will ascertain whether or not the person/s involved in the incident play a role in the organisation and act accordingly
- Maintain confidentiality on a need to know basis
- All staff members have a responsibility to ensure the buildings and school site are secure and to report any concerns that may occur.
- The identity of all visitors and volunteers coming into school is checked. Visitors are expected to sign in and out and to display a visitor's badge while on the school site. Any individual who is not known or identifiable will be challenged for clarification and reassurance by our staff.
- The school will not accept the behaviour of any individual, parent or anyone else, that threatens the school security or leads others, child, or adult, to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse the person access to the school site and advice being sought from our local safeguarding partners.

10. Child-on-child abuse

In line with our strong commitment to safeguarding, at Dupont Dance School we believe that all children have a right to learn in a safe environment and take a whole-school approach to child-on-child abuse which includes preventative work, appropriate responses, and a zero-tolerance approach to abuse.

Our staff recognise that children of any age or gender can be capable of abusing other children, which can happen both inside and outside of school and online.

This child-on-child abuse can include, but is not limited to:

- bullying (including cyberbullying, prejudice-based and discriminatory bullying)
- abuse in intimate personal relationships between children (also known as teenage relationship abuse)
- physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
- sexual violence and harassment
- causing someone to engage in sexual activity without consent
- consensual and non-consensual sharing of nudes and semi nudes images and or videos (also known as sexting or youth produced sexual imagery)
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- upskirting which is a criminal offence
- initiation-type violence and rituals

All the above are examples of abuse and should never be tolerated or passed off as “banter,” “just having a laugh”, “boys will be boys” or “part of growing up”, as this can lead to a culture of unacceptable behaviours and an unsafe environment for children.

We recognise that the gendered nature of child-on-child abuse makes it more likely that girls will be victims and boys perpetrators but all reports will be taken seriously. All concerns should be passed onto the DSL.

Any cases of child-on-child abuse will be thoroughly investigated, with the victim always being taken seriously and both the victim and alleged perpetrator given appropriate support. Support will take the child’s wishes into account and may include increased pastoral support, a mentor, access to counselling and a referral to external services. We will liaise with the police and children’s social care as necessary. Where there has been a report of sexual violence, an immediate risk assessment will be made, considering the needs of the victim, the alleged perpetrator, and our other pupils. All allegations of child-on-child abuse will be recorded in our safeguarding files.

In cases where nudes or semi-nudes have been shared, we follow guidance given to schools and colleges by the UK Council for Internet Safety (UKCIS): Sharing nudes and semi-nudes (December 2020).

We record these incidents in line with our normal record-keeping process.

11. Confidentiality

Every effort should be made to ensure that confidentiality is maintained for all concerned. Information should be handled and disseminated on a need to know basis only. This includes the following people:

- DSL
- The parents of the child
- The person making the allegation
- Social Services/police
- The alleged abuser (and parents if the alleged abuser is a child)

12. Internal Inquiries and Suspension

The Management Team will make an immediate decision about whether any individual accused of abuse should be temporarily suspended pending further police and social services inquiries. Irrespective of the findings of the social services or police inquiries the Management Team will assess all individual cases to decide whether a member of staff or volunteer can be reinstated and how this can be sensitively handled. This may be a difficult decision; especially where there is insufficient evidence to uphold any action by the police. In such cases the Management Team must reach a decision based upon the available information which could suggest that on the balance of probability, it is more likely than not that the allegation is true. The welfare of the child should remain of paramount importance throughout.

13. Recruiting and Selecting Personnel with Children

Introduction

It is important that all reasonable steps are taken to prevent unsuitable people from working with children. This applies equally to paid staff and volunteers, both full and part time. To ensure unsuitable people are prevented from working with children the following steps should be taken when recruiting.

Controlling Access to Children

- All staff and volunteers should complete an application form. The application form will elicit information about the applicants past and a self disclosure about any criminal record.
- Consent should be obtained from the applicant to seek information from the Criminal Records Bureau.
- Two confidential references, including one regarding previous work with children should be obtained. These references MUST be taken up and confirmed through telephone contact.
- Evidence of identity (passport or driving licence with photo)

Interview and Induction

All employees and volunteers will be required to undertake an interview carried out to acceptable protocol and recommendations. All employees and volunteers should receive formal or informal induction during which:

- A check should be made that the application form has been completed in full, including sections on criminal records and self disclosures
- Their qualifications should be substantiated
- The job requirements and responsibilities should be clarified
- They should sign up to the organisation's Code of Ethics and Conduct
- Child Protection Procedures are explained and training needs identified e.g. basic child protection awareness

Training

In addition to pre-selection checks, the safeguarding process includes training after recruitment to help staff and volunteers to:

- Analyse their own practice against what is deemed good practice, and to ensure their practice is likely to protect them from false allegations
- Recognise their responsibilities and report any concerns about suspected poor practice and/or abuse
- Respond to concerns expressed by a child
- Work safely and effectively with children

Appendix 1: Types of abuse and safeguarding concerns

KCSIE splits abuse into four main categories:

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It

There are a number of other safeguarding concerns that ALL staff need to be aware of. These are detailed further in Annex B of KCSIE which all staff should read:

Child Criminal Exploitation (CCE): where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for

something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. CCE can also occur through the use of technology.

Some of the following can be indicators of CCE:

- children who appear with unexplained gifts or new possessions
- children who associate with other young people involved in exploitation
- children who suffer from changes in emotional well-being
- children who misuse drugs and alcohol
- children who go missing for periods of time or regularly come home late

County lines: a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas, using dedicated mobile phone lines or other form of "deal line". Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move (and store) drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

Serious violence: where children are involved with serious violent crime. Indicators may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. There are a range of risk factors which increase the likelihood of involvement in serious violence, such as being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending, such as theft or robbery.

Child Sexual Exploitation (CSE): occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Indicators can be similar to the indicators of CCE, as well as:

- children who have older boyfriends or girlfriends; and
- children who suffer from sexually transmitted infections or become pregnant.

Modern Slavery and the National Referral Mechanism: Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including: sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs.

Child abduction and community safety incidents: Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members, by people known but not related to the victim (such as neighbours, friends and acquaintances) and by strangers.

Cybercrime: criminal activity committed using computers and/or the internet. It is broadly categorised as either 'cyber-enabled' (crimes that can happen off-line but are enabled at scale and at speed on-line) or 'cyber dependent' (crimes that can be committed only by using a computer). Cyber-dependent crimes include;

- unauthorised access to computers (illegal 'hacking'), for example accessing a school's computer network to look for test paper answers or change grades awarded
- denial of Service (Dos or DDoS) attacks or 'booting'. These are attempts to make a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources
- making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence, including those above.

Domestic abuse: The Domestic Abuse Act 2021 (Part 1) defines domestic abuse as any of the following behaviours, either as a pattern of behaviour, or as a single incident, between two people over the age of 16, who are 'personally connected' to each other:

(a) physical or sexual abuse;

(b) violent or threatening behaviour;

(c) controlling or coercive behaviour;

(d) economic abuse (adverse effect of the victim to acquire, use or maintain money or other property; or obtain goods or services); and

(e) psychological, emotional or other abuse.

Anyone can be a victim of domestic abuse, regardless of sexual identity, age, ethnicity, socio-economic status, sexuality or background and domestic abuse can take place inside or outside of the home. All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse can have a serious, long lasting emotional and psychological impact on children and therefore children are now classified as victims and not merely witnesses where domestic abuse occurs. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Young people can also experience domestic abuse within their own intimate relationships. This form of child-on-child abuse is sometimes referred to as 'teenage relationship abuse'. Depending on the age of the young people, this may not be recognised in law under the statutory definition of 'domestic abuse' (if one or both parties are under 16). However, as with any child under 18, where there are

concerns about safety or welfare, child safeguarding procedures should be followed and both young victims and young perpetrators should be offered support.

Homelessness: being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. It should also be recognised in some cases that 16 and 17 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support.

'Honour-based' abuse (HBA): encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such.

Forced marriage: forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Schools and colleges can play an important role in safeguarding children from forced marriage.

since February 2023 it has also been a crime to carry out any conduct whose purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages.

Female Genital Mutilation (FGM): covers all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a **statutory duty** upon teachers to report to the police where they discover that FGM appears to have been carried out on a girl under 18. It will be rare for teachers to see visual evidence, and they should not be examining pupils or students. If a victim discloses that FGM has been carried out on them, teachers must personally report to the police.

The duty does not apply in relation to at risk or suspected cases-these should be discussed with the DSL, in line with our referral process.

Potential risk factors may include:

- a female child is born to a woman who has undergone FGM
- a female child has an older sibling or cousin who has undergone FGM
- a woman/family believe FGM is integral to cultural or religious identity
- a parent or family member expresses concern that FGM may be carried out on the girl
- a girl talks about FGM in conversation, for example, a girl may tell other children about it

- being taken on a long holiday to country where FGM is prevalent

Radicalisation: We recognise that children are vulnerable to extremist ideology and radicalisation. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection.

Our school adheres to the Prevent duty and we have "due regard to the need to prevent people from being drawn into terrorism". We build pupils' resilience to radicalisation by providing a safe environment for debating controversial issues, promoting fundamental British values.

Staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a Prevent referral.

<https://www.leics.police.uk/advice/advice-and-information/t/prevent/prevent/beta/prevent-team-referral/>

Early indicators of radicalisation or extremism may include:

- showing sympathy for extremist causes
- glorifying or advocating violence, especially to other faiths or cultures
- intolerance of difference, including faith, culture, gender, race or sexuality

Mental health: All staff at Dupont School are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Where staff have a mental health concern about a child that is also a safeguarding concern, they should contact the DSL and report and record their concerns in line with this policy (see section 6).

Appendix 2-Safer recruitment

We follow the guidance from Keeping Children Safe in Education and best practice, as outlined below.

New staff

When appointing new staff, we will:

- verify a candidate's identity, including checking the name on a birth certificate where this is available
- obtain (via the applicant) an enhanced DBS certificate (including barred list information, for those who will be engaging in regulated activity)
- obtain a separate barred list check if an individual will start work in regulated activity before the DBS certificate is available
- verify the candidate's mental and physical fitness to carry out their work responsibilities
- verify the person's right to work in the UK
- if the person has lived or worked outside the UK, make any further checks the school or college consider appropriate
- verify professional qualifications, as appropriate
- ensure a candidate to be employed to carry out teaching work is not subject to a prohibition order issued by the Secretary of State
- check that a person taking up a management position is not subject to a section 128 direction made by the Secretary of State
- Seek two references, including from the current employer, before interview and ask specific questions about the suitability of the candidate to work with children
- Conduct online searches on shortlisted candidates, reviewing publicly available material for any incidents or issues and notify applicants of this process

Agency and third party staff

For agency and third party staff, we will include written confirmation that the employment business supplying the member of supply staff has carried out the relevant checks and obtained the appropriate certificates, the date the confirmation was received and whether an enhanced DBS certificate check has been provided.

Trainee/student teachers

Where applicants for initial teacher training are salaried by the school, we will carry out all necessary checks. Where trainee teachers are fee-funded, we will ensure that the training provider has carried out the necessary checks and obtain written confirmation that these checks have been carried out.

Existing staff

If we have any concerns about an existing member of staff's suitability to work with children, we will carry out the relevant checks as if the member of staff were a new member of staff. If a member of staff moves from a post that is not in regulated activity to a post in regulated activity, we will ensure the relevant checks for that regulated activity have been carried out.

We will follow our legal duty to refer to the DBS if a member of staff has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- the harm test is satisfied in respect of that individual
- the individual has received a caution or conviction for a relevant offence, or if there is reason to believe that the individual has committed a listed relevant offence
- the individual has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left

Volunteers

We will never leave an unchecked volunteer to be left unsupervised or to work in regulated activity. We will obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity. We will undertake a risk assessment when deciding whether to undertake an enhanced DBS certificate for any volunteer not engaging in regulated activity, and retain a record of this risk assessment.

Contractors

We will ensure that any contractor whose work provides them with the opportunity for contact with children will have the appropriate checks. Those contractors engaging in regulated activity will have an enhanced DBS check including barred list information.

For all other contractors who are not engaging in regulated activity, but whose work provides them with an opportunity for regular contact with children, an enhanced DBS check will be required. If the contractor is engaged in regulated activity then an enhanced DBS check with children's barred list will be required.

Low-level concerns

In line with Section Two of Part Four of Keeping Children Safe in Education, we recognise the importance of creating a culture of openness, trust, and transparency to encourage all staff to share low-level concerns with the right person so that they can be addressed appropriately. The purpose of our approach to low-level concerns is to ensure that our values are constantly lived, monitored, and reinforced by staff. Our values are outlined in more detail in our Staff Code of Conduct.

The term 'low-level' concern does not mean that the concern is insignificant, it means that a staff member, supply teacher or volunteer does not seem to have:

behaved in a way that has harmed a child, or may have harmed a child

possibly committed a criminal offence against or related to a child

behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or

behaved or may have behaved in a way that indicates they may not be suitable to work with children

A low-level concern covers any concern no matter how small, even if it is no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or college may have acted in a way that:

is inconsistent with the staff code of conduct, including inappropriate conduct outside of work and;

does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO.

Examples of such behaviour could include, but are not limited to:

being over friendly with children;

having favourites;

taking photographs of children on a personal mobile phone;

engaging with a child on a one-to-one basis in a secluded area or behind a closed door; or

humiliating pupils.

Such behaviour can exist on a spectrum. Our school's response to low-level concerns is an extension of our Code of Conduct. Staff are able to share their concerns confidentially in a simple and easy manner. It is imperative that where staff do have concerns, they share them as outlined in this policy to support with building a culture of expected behaviour and promoting our school values.

Low-level concerns about a member of staff, supply staff, volunteer or contractor should be reported to the Principal or DSL.

The Principal will have oversight of all recorded concerns and has ultimate decision-making power in respect of all low-level concerns.

All low-level concerns will be recorded in writing. Each record will include details of the concern, the context in which the concern arose, and action taken. The name of the individual who raised the concern should be noticed, but if that individual wishes to remain anonymous, that will be respected to the extent it is reasonably possible to do so.

Records will be kept confidential, held securely, and comply with the Data Protection Act 2018 and the UK General Data Protection Regulation.

Records will be reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or by referring to the LADO, where a pattern of behaviour moves from a low level concern to meeting the harm threshold. We will also consider whether there are wider cultural issues existing the school that may have enabled the behaviour to occur. If this is found to be the case or a contributory factor, we may review our policies and deliver extra training where we consider this will minimise the events happening again.

Appendix 4

LCC LA Flow Chart 2023-2024 'What to do if you are worried a child is being abused or at risk of harm, neglect, or online harm

**Name of School/Academy/AP Child Protection & Safeguarding Flow Chart
'What to do if you are worried a child is being abused, at risk of harm or neglect'**

Actions where there are concerns about a child's welfare in and outside of school

- Be alert to signs of abuse, question unusual behaviour or changes to presentation.

Where a child discloses abuse, neglect, sexual violence, sexual harassment, online harm

- Listen to what they say, keep calm, reassure they are right to tell, and you will take action to help keep them safe.
- Inform them you need to share the information and what you are going to do next
- Do not promise confidentiality, you will need to share/ report the information to appropriate services.
- **DO NOT DELAY, take any immediate necessary action to protect the child and ensure the Designated Safeguarding Lead is informed or member of SLT in the DSL's absence.**

Discuss concerns with the Designated/Named Safeguarding Lead

- The DSL will consider further actions including consultation with First Response (if a new concern).
- Concerns and discussion, decisions and reasons for decision should be recorded in writing and a 'confidential concerns' or a 'child protection' file should be opened, stored in line with the school child protection policy.
- At all stages the child's circumstances should be kept under review and re-refer if concerned to ensure the child's circumstances improve – **the child's best interests must come first.**

Still have concerns - Refer to First Response (MARF)

Have child/families' personal details to hand and be clear about concern/allegations. Complete referral form.

Safeguarding concern Resolved /no longer held

Support has been agreed, record decisions and any follow up needed. actions.

Unmet needs identified
Decide what actions are needed to support the child.

First Response 0116 305 0005
Where safe consider **Early Help Service**

If the child is at immediate risk dial 101 and ask for assistance
Record all decisions and actions, working to agreed outcomes and within timescales. Escalate any emerging threats/concerns by adopting Leicestershire and Rutland Safeguarding Children Partnership procedures.
